Support \$4 billion for affordable housing for Vets and all Californians

WHAT PROP 1 DOES FOR CALIFORNIA VETERANS, FAMILIES, SENIORS AND PEOPLE WITH DISABILITIES

- Dedicates funding to help military veterans have a safe place to call home.
- Provides stable housing for seniors, struggling families, people experiencing homelessness and individuals with disabilities.
- Builds affordable homes for hardworking people like grocery clerks, nurses aides and teaching assistants.
- Helps people live in the communities where they work and serve, while still having money for basics like groceries, medications, and child care.
- Tackles top priorities for Californians – building homes, creating jobs and boosting the economy.
- Is expected to create 137,000 jobs and pump \$23.4 billion into California's economy.

WHY CALIFORNIANS NEED AFFORDABLE HOUSING

- The housing crisis is crushing the 1 in 3 Californians who can't afford their rents.
- Many people are spending more than 30% of their incomes and some as much as 50% of their incomes on housing.
- The gap is so wide between what Californians earn and the cost of rent that seniors and families are separated by long commutes because they can't afford to live in the cities where they work.
- California has the largest population of unsheltered veterans in the nation.
- Seniors and families are being pushed to the brink- and live in their cars or double and even triple up in overcrowded housing as they try to keep a roof over their heads, maintain their jobs, and ensure their children and grandchildren go to school.

HOW YOU CAN SUPPORT PROP 1

- Help spread the word among family, friends, neighbors and colleagues that we all can do something about the housing crisis.
