We have a unique opportunity in California and in Washington, DC to pass real health care reform – and guarantee health care to everyone from cradle to grave. Proposals in CA and Washington to pass a “Medicare for All” bill are going to be heard soon. It is time to learn about these proposals that would provide guaranteed healthcare to all California residents at less cost to individuals, business, and the public sector.

Come to this event presented by CARA-Marin to learn how these proposals will impact seniors and people with disabilities. What will the costs be? What will the benefits be? Bring your questions and concerns. You must rsvp to attend.
