

WHY WE KEEP FIGHTING FOR MEDICARE FOR ALL/SINGLE PAYER

Three years ago, on January 27th, CARA members, nurses, and other pro Medicare for All Supporters had a Rally in Bakersfield to ask Congressman Kevin McCarthy to vote to strengthen and protect Medicare for all! His staff locked the door and pulled the curtains.

Today, January 27th, 2020, Many of us and many more new supporters are in Sacramento at the Healthy California for All Commission Inaugural Meeting where the members will begin its work to develop a plan for advancing progress toward achieving a health care delivery system for California that provides coverage and access through a unified financing system, including, but not limited to a single payer financing system.
